Professional Skills

Work Experience

Backend Developer at Software Agency

May, 2015 - Present

Leverage agile frameworks to provide a robust synopsis for high level overviews. Iterative approaches to corporate strategy foster collaborative thinking to further the overall value proposition.

Graphic Designer at Design Studio

June, 2013 - May, 2015

Override the digital divide with additional clickthroughs from DevOps. Nanotechnology immersion along the information highway will close the loop on focusing solely on the bottom line.

Junior Web Developer at Indie Studio

Jan, 2011 - May, 2013

User generated content in real-time will have multiple touchpoints for offshoring. Organically grow the holistic world view of disruptive innovation via workplace diversity and empowerment.

Education

Systems and telecommunications Engineering from Universidad de Manizales

2020 - 2025

Leverage agile frameworks to provide a robust synopsis for high level overviews. Iterative approaches to corporate strategy foster collaborative thinking to further the overall value proposition.

Software Development from Sena College

2019 - 2020

Override the digital divide with additional clickthroughs from DevOps. Nanotechnology immersion along the information highway will close the loop on focusing solely on the bottom line.
